社會福利署資助服務
Subsidised Service by the Social Welfare Department

Hong Kong Family Welfare Society

Established in 1949, the Hong Kong Family Welfare Society (HKFWS) is one of the major charitable non-governmental social welfare organizations in Hong Kong. With a "family-centric" perspective, we are committed to delivering quality and professional social services to enhance the wellbeing of families and individuals in Hong Kong and foster a caring community. The Hong Kong Family Welfare Society pays attention to the physical, mental, and spiritual needs of different family members. The organization continuously innovates its services to provide appropriate support and promote development.

Introduction of Our Centre

In August 2023, the Social Welfare Department implemented the district-based "Social Work Service for Pre-primary Institutions". The Hong Kong Family Welfare Society was selected as one of the qualified teams to provide stationing social work services to 12 kindergartens and nursery schools in Tuen Mun East. The service is called the "Nurturing Seeds Kindergarten Social Work Service." In addition to providing stationing social work services, the centre also organizes groups and activities to meet the growth and developmental needs of children and provide support to families.

Objectives of Social Work Service for Pre-primary Institutions:

- 1 Provide appropriate casework support and referral services to children and families in need, with an emphasis on early identification;
- 2 Teach children to understand and manage emotions and develop social skills, so as to promote the healthy development of children;
- 3 Promote the message of "children protection", secure a safe and healthy environment for children;
- 4 Provide emotional support and parenting education to parents so as to foster positive parent-child relationships and enhance family harmony;
- 5 Connect pre-primary institutions (PPI) with community resources to address the needs of children and their families.
